Hellespont expands into Singapore

(Oct 23 2009)

Hamburg-based Hellespont group has expanded its operations by forming a new company in Singapore.

Although Hellespont Singapore Pte Ltd is responsible for the company's PSV fleet, in the long term the new office could be used to manage crude and chemical tankers.

Phrixos Papachristidis, managing director of Hellespont AG & Co KG, the parent company of the German-based Hellespont ship management and marine services group, explained; "In the future we expect to expand the company there to provide third party management to other operators, not just in the offshore service vessel field, but also in our other areas of expertise with tankers, chemical tankers and bulk carriers."
